"A great building must begin with the immeasurable, must go through measurable means when it is being designed, and in the end must **be unmeasured.**"

- Basonani **Construction**

“Great buildings,
like great
mountains,
are the work of
CENTURIES.”

The whole difference between construction and creation is exactly this: that a thing constructed can only be loved after it is constructed; but a thing created is loved before it exists.

The whole difference between construction and creation is exactly this: that something constructed can only be loved after it is constructed; but something created is loved before it exists.

Basonani Construction was registered in 2019 by Mr Dumisani Mayisela as a B-BBEE Level 1 company. Through their combined knowledge & expertise, the company specialises in Construction, Plant Hire, Earth Moving, Consumable Suppliers, Concrete and Sand Stone.

The company is duly registered under 2019/516215/07 and has acquired affiliation such as NHBRC and CSD. The plans has been to invest into the administration of the strategic direction and thrust which will usher growth and break new ground for Basonani.

As business partners Eric Basson and Mr Dumisani Mayisela are driven to succeed. Their short term objectives includes growing the business from startup to established. Drive is a very common characteristic among successful entrepreneurs because starting a business can be challenging and some challenges call for moderate amount of competitiveness, determination and motivation.

MISSION

The main objective of Basonani Construction is to provide a service of an exceptionally high standard and by doing so, we strive to maintain a long-term relationship with all of our customers.

We endeavour to gain preferred status by delivering the best service

HEALTH & SAFETY POLICIES

Basonani Construction believes that responsible management of health & safety concerns is an integral part of its business ethic.

Through strategic management of health and safety, commitment to our mission, vision and values, and by a culture of health and safety awareness and responsibility, we strive to: Apply sound health and safety management principles and operating practices.

Protect health and promote safety of personnel, customers and community.

Be alert to customer needs, technological advancements, and socio-economic priorities.

Lessen the hazards and potential hazards in our business.

Our policy in this regard is therefor to:

Provide a safe and healthy working environment for the well-being of our employees and their families, through staff participation and ownership of health and safety responsibilities. Ensure that the health and safety of the public and neighboring communities is not compromised by our operations.

Meet corporate requirements by complying with health and safety laws and regulations, conducting business according to recognized standards for our type of industry, and committing the necessary resources.

Build and maintain a constructive relationship with regulatory authorities, meet all operating permit and license obligations, and provide prompt advice on relevant issues.

Committing ourselves to sub-contractor health and safety during their tenure with us, and to enforce standards and procedures laid down by us as a minimum code of conduct for sub-contractors and third parties.
